

Nominations Open for the 2025 Moreton Bay Business & Innovation Awards

Nominations are now open for the highly anticipated 2025 Moreton Bay Business & Innovation Awards.

Now in its 8th year, these prestigious awards remain the highest accolade for businesses and entrepreneurs across City of Moreton Bay.

Recognising excellence, innovation, and resilience, the Awards celebrate the remarkable achievements of businesses and individuals who drive economic growth and progress in the area.

Over the past eight years, this event has become a cornerstone of the local business landscape, highlighting the talent, creativity, and success that define and continue to drive Moreton Bay's thriving economy.

Mayor Peter Flannery said the awards were about celebrating excellence in business and innovation, not only to reward significant achievements, but to celebrate leadership to which the community could aspire.

"Our strong and diverse economy is driven by the dedication and innovation of businesses and leaders and every year it is a privilege to recognise the incredible efforts of those who help our businesses thrive," Mayor Flannery said.

"I encourage City of Moreton Bay businesses and business leaders to nominate themselves, or another business, in recognition of their dedication, entrepreneurship, and resilience.

Luke Edwards, CEO of Moreton Bay Region Industry & Tourism, emphasised the significance of these awards in providing a platform for acknowledging excellence.

"The Moreton Bay Business & Innovation Awards offer a unique opportunity for businesses and individuals to celebrate their successes. These awards not only recognise achievements but also provide a platform for elevating brands, gaining recognition, and showcasing the remarkable work being done within our community," said Edwards.

"We are excited to see the nominations that come through this year and look forward to discovering the incredible stories of innovation, resilience, and success that make City of Moreton Bay such a dynamic place to do business."
